# What is *Smiles For Children*?

*Smiles For Children* is Virginia's dental program for children on Medicaid, FAMIS, or FAMIS Plus. All of your child's dental services will be provided through the *Smiles For Children* program. Your child will receive the same dental benefits they have received in the past with easier access to the dental care your child needs. *Smiles For Children* also includes limited adult dental services.

There are no costs for your child's dental care services in the *Smiles For Children* program. *Smiles For Children* is a program provided by the Commonwealth of Virginia's Department of Medical Assistance Services (DMAS) and is run by Doral Dental, USA.

While your child is eligible for the *Smiles For Children* dental plan, you will receive newsletters and other information from time to time. Please read each of them carefully and call us if there is something you do not understand. Often, they will include important facts that will help you take care of your child's teeth. Look for the *Smiles For Children* logo on the mailings.

## Enrollment

Once your child has been determined eligible for Medicaid, FAMIS or FAMIS Plus, they are automatically enrolled in the *Smiles For Children* dental program. You do not need to do anything special to enroll them into the program.

There is no special *Smiles For Children* dental card. You may use either your child's Commonwealth of Virginia plastic ID card or MCO member ID card (AMERIGROUP Health Plan, Anthem HealthKeepers Plus, CareNet Southern Health Services, Optima Family Care, or Virginia Premier Health Plan) for all of your child's dental care. ***Smiles For Children will only pay for services while your child is eligible.***

**REMEMBER, IT IS VERY IMPORTANT** to tell your local Department of Social Services right away if you move, change your address or to report any change that affects your child's eligibility. If they do not have a correct address then you will not receive up to date information about your coverage and your child's eligibility will be canceled. If you move or change your address at any time, contact your local Department of Social Services or the FAMIS CPU right away to protect your child and to continue to receive coverage.

If your child's Medicaid, FAMIS or FAMIS Plus enrollment ends, you will receive a letter saying that your child is no longer covered by the *Smiles For Children* dental plan. The date stated on the letter will be the last day that your child will be covered by *Smiles For Children*. The program will not pay for any dental services that your child receives after the end date on the letter. You will have to pay for any services received after the end date on the letter.

## Services Covered by *Smiles For Children*

**There are no costs for your child's covered dental care services in the *Smiles For Children* program.**

### Services for Children

*Smiles For Children* members are covered for all medically necessary dental services, as well as orthodontic (braces) procedures provided by a participating dentist. Dental services include relief of pain and infection, restoration of teeth, and maintenance of dental health. An oral screening may be part of a physical exam your child gets from the doctor, but it does not take the place of the exam by the dentist. Medicaid recommends that your child's doctor refer your child to a dentist beginning at age three and sooner if necessary.

Routine exams are visits to the dentist for a dental "check-up". The dentist will look in your child's mouth to see if other dental services are needed, and will check to be sure that your child's teeth, gums and the bones supporting the teeth are healthy. Sometimes, the dentist will clean your child's teeth and take x-rays if needed at the same time as the check-up. Dental check-ups are an important part of your child's overall health, and should be done every six months.

Some of the other services that are available to your child include:

- ✓ Fluoride (every 6 months)
- ✓ Sealants
- ✓ Cleanings (every 6 months)
- ✓ Space maintainers
- ✓ X-rays
- ✓ Fillings
- ✓ Crowns (some caps)
- ✓ Braces (if qualified)
- ✓ Root Canal Treatments
- ✓ Extractions (tooth pulling)
- ✓ Anesthesia
- ✓ Oral Disease Services

Your child's dentist will tell you whether or not a service is going to be paid by *Smiles For Children* before they treat your child. Participating dentists cannot bill you for services covered under the program, as long as your child remains eligible.

If you receive services from dental providers who are not enrolled in *Smiles For Children*, you will have to pay the bill. Try to use one dentist for most of your child's dental care, and continue with that dentist unless your child is referred to a specialist.

## Adults (members age 21 and over)

*Smiles For Children* does not pay for dental services for members 21 years of age and older **except** for certain medically necessary oral surgery services when performed by a participating dentist. Examples of medically related covered services for adults include:

- Oral surgery is covered for non-dental surgical or hospital procedures for birth defects (like cleft lip and cleft palate),
- Removal of cysts and tumors not related to the teeth,
- Biopsies for suspected malignancies,
- Repair of traumatic wounds, and
- Extraction of teeth for severe abscesses complicating a medical condition or contributing to poor general health.

Items and services connected with the care, treatment, filling, removal, replacement of teeth, or structures directly supporting the teeth are not covered, except for extraction of teeth prior to radiation therapy.

Most dental services for members 21 years and older must be authorized prior to receiving the service or before the payment can be made. You should have a letter from your medical doctor before you go to the dentist. This letter should tell your dentist why dental treatment is medically needed.

If you need dental services due to one of these conditions, please contact the *Smiles For Children* program at 1-888-912-3456. We can help you find you a dentist who will do an exam and x-rays. The dentist will let you know what steps you need to take to fix the problem and receive the care you need.

## Other Services

Medical services will continue to be provided by Medicaid/FAMIS or your MCO. Look at your Medical ID Card for the telephone number to call for assistance.

Transportation may be available to your child's dental appointments if you have no other means of transportation. If you are not in a MCO and you do not have a car or a family member who can transport you to a dental appointment, please call LogistiCare toll-free at 1-866-386-8331 for assistance. You must call at least 48 hours before the appointment to get transportation. If your situation is urgent because of pain or dental injury, an effort will be made to arrange transportation on shorter notice.

If you are in a MCO, please contact the MCO directly to find out about transportation services. The telephone number for the MCO is listed on the back of your Medical ID card.

## How to Find a Dentist

*Smiles For Children* has a list of dentists available to treat your child. You should only visit dental providers enrolled in the *Smiles For Children* program. The names of all dentists and dental specialists in the *Smiles For Children* program are available to you in the *Smiles For Children* Provider Directory. The Provider Directory is updated from time to time. An updated version of the directory is located on our websites at [www.doralusa.com](http://www.doralusa.com) or [www.dmas.virginia.gov](http://www.dmas.virginia.gov). We can also provide you with an updated version of the directory upon request as well as assistance with any questions regarding the directory through the toll free number.

For additional information on which dentists or dental specialists you can go to, please contact the *Smiles For Children* program at 1-888-912-3456. We can help you find the closest dentist that participates in the program. We will even help you make an appointment with a dentist.

When you call the *Smiles For Children* program, you should have these items ready:

- Pen or Pencil
- Your address including zip code
- Your child's Commonwealth of Virginia blue and white plastic ID Card or
- Your child's MCO member ID card

Tell them that your child is a *Smiles For Children* member. You will receive the names of several dentists in your area. Children under the age of 21 do not have to get a referral from your medical doctor (PCP) to go to a dentist. You should have a verbal or written referral from your general dentist to go to a dental specialist.

## Making Dental Appointments

When you call the dentist to make an appointment, you should have these items ready:

- Pen or pencil
- Your child's Commonwealth of Virginia blue and white plastic ID or
- Your child's MCO member ID card
- A calendar

Tell the dentist's office that your child is a *Smiles For Children* member and that you would like to make an appointment to see the dentist. See which dates and times work best for you. Write down your child's appointment date and time on your calendar.

When the date of your child's appointment comes, just go to the dentist's office. It is that easy. If you have been going to a different dentist, please ask the old dentist to send your child's dental records to the new dentist.

If you are not able to keep your child's scheduled appointment, call the dentist office as soon as possible to let them know you will not be coming and to reschedule the appointment. Dentists may refuse to treat your child if there are too many broken appointments.

Show your child's blue and white ID card or your MCO ID card **each time you go to the dentist** so that your dentist can verify your child's current eligibility status. If you do not take the cards, you can be billed.

**It is your responsibility to show your child's Identification Card to providers at the time you go for services and to be sure the provider accepts payment from *Smiles For Children*.** Report the loss or theft of your Medicaid Identification Card to the local Department of Social Services, the FAMIS CPU or loss of your MCO card to your Managed Care Organization (MCO) right away.

### **What to Do in an Emergency**

Your child can also see a *Smiles For Children* dentist for emergencies. You should ask your dentist how to contact him or her in an emergency. Your dentist may have a different telephone number to call in an emergency.

If you are away from home during an emergency, you may contact Doral for help finding a participating dentist in the area. If you are not able to call Doral, take your child to the hospital, if necessary. Remember to show your child's Member ID Card.

## When and How to File a Complaint (Grievance) or an Appeal

You have the right to file a complaint (grievance) or appeal with the *Smiles For Children* program if:

- You do not agree with the way we interpret this handbook;
- The quality of service does not meet your child's needs;
- You do not agree with our decision not to approve care;
- You are not happy with a provider.

### Complaints (Grievances)

Complaints or grievances are when you call or send a letter to tell us you are not happy with a decision Doral has made other than a denial or reduction of services. Some examples of complaints may include: the quality of care or quality of services received, access to dental care services, provider care and treatment, or administrative issues.

If you have a complaint (grievance), you can call us at 1-888-912-3456 or write to us at the address listed below.

Doral Dental USA, LLC  
*Smiles For Children*  
Attention: Complaints and Appeals  
12121 N. Corporate Parkway  
Mequon, WI 53092

Once we receive your complaint (grievance), we will begin to investigate the problem. You will get an answer in no more than 30 working days from the date we received your complaint (grievance).

### Appeals

If you disagree with a decision Doral has made to deny a request or bill for dental care services, you or someone on your child's behalf can file an appeal. To file an appeal, or to request assistance with filing an appeal, contact us at 1-888-912-3456. You have 30 days after you receive our decision to deny your request or bill to file an appeal.

To file an appeal you will need to send us a written request that has:

- Your name and your child's name
- Your provider's name
- The date of service
- Your mailing address
- An explanation of why we should change our decision
- A copy of any information that will support your request, such as additional documents, records, or information that is important to your appeal.

A written appeal needs to be mailed to:

Doral Dental USA, LLC  
*Smiles For Children*  
Attention: Complaints and Appeals  
12121 N. Corporate Parkway  
Mequon, WI 53092

A Committee will look at your appeal. If your appeal involves a dental health issue, the Committee will include a dental professional who has the right training and experience for making the decision on the dental issue. Doral will respond in writing to your appeal within 30 days from the date it is received, or within 3 days if the condition needs immediate attention.

### State of Virginia Fair Hearing Process

You can also request a State Fair Hearing at the same time, after, or instead of appealing to Doral Dental. Your request for a State Fair Hearing should be in writing and sent to:

Appeals Division  
Department of Medical Assistance Services  
600 E. Broad Street  
Richmond, Virginia 23219  
(804) 371-8488  
Appeal/review requests may also be faxed to:  
(804) 371-8491

After you file your request for a State Fair Hearing you will be notified by the Department of Medical Assistance Services of the date, time, and location of the scheduled hearing. Most hearings can be done by telephone. The hearing officer's decision is the final administrative decision rendered by the Department of Medical Assistance Services. However, if you disagree with the hearing officer's decision you may appeal it to your local circuit court.

### **Assurance of Non-Discrimination**

We do not allow unfair treatment in the *Smiles For Children* program. No one is treated a different way because of race, color, birth-place, language, sex, religion, beliefs, age or disability. If you feel you have been treated unfairly because of this, please call 1-888-912-3456.

## Helpful Dental Tips

- ✓ Practice good dental health habits. Brush twice a day and floss once a day.
- ✓ Take your child to the dentist for a check-up every six months.
- ✓ Good dental care starts before your child's first birthday and continues throughout your child's life.
- ✓ Never allow your child to fall asleep with a bottle of milk, formula, fruit juice, or sweetened drinks.
- ✓ Keep your dental appointments.
- ✓ Limit sweets and sodas.
- ✓ Good dental health is very important to pregnant women and their unborn children too. There is a link between the health of a mother's gums, and her unborn baby's overall health.

**Doral Dental Services**  
**Provider Directory**  
**Smiles For Children**

**How to Use the Provider Directory**

This directory provides information about dental care providers who are members of the Smiles For Children participating provider network. The directory lists providers by county and includes the names of all dentists and dental specialists in the Smiles For Children program. You should only visit dental providers enrolled in the Smiles For Children program. If you know of a dentist that you think would be interested in participating in the Smiles For Children dental program, please have the dentist call Doral at 1-800-341-8478.

When you find a dentist, please review the dentist's information for details on any restrictions a provider or clinic places on their services, such as the type of members they will see (children only), their specialty (oral surgery, orthodontics, pediatric dentistry, endodontics, and periodontics), or the hours that the clinic office is open. Be sure to call the dentist's office to confirm whether he or she is accepting new patients. If you are not already a current patient, let the dentist know that you would like to be a new patient. Once you schedule an appointment, it is important that you keep your scheduled appointment.

Every effort has been made to ensure the accuracy of this Directory. However, sometimes changes do occur. If you need help finding a dentist or need access to the most up-to-date provider directory, please call Smiles For Children Member Services at 1-888-912-3456. You may also look at our websites at [www.doralusa.com](http://www.doralusa.com) or [www.dmas.virginia.gov](http://www.dmas.virginia.gov) to get help finding a dentist.
